JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 13 October 1976

X1 1. [REDACTED] LIAISON Spoke with John Swanner, House Standards of Official Conduct Committee staff, as a follow-up to my call to Bill Arbogast, also of the Committee staff, yesterday. I explained that the Agency did not ride the jacket on the final report of the Committee on the [REDACTED] case. I told him that we would appreciate very much getting 50 copies of the report if he could possibly spare them. Swanner said their supply was limited and that he would set aside 20 copies for us and if we needed any more, he would attempt to get them through the House Document Room. [REDACTED] office was advised and dispatched a courier to pick up the copies. 25X

X1 2. [REDACTED] LIAISON Received a call from Peter Sheridan, Government Division, Congressional Research Service, who requested a copy of the bicentennial booklet which had been sent to members of Congress. I explained to him that Mr. Bush felt members of Congress might be interested in the role intelligence has played in our history and that no widespread public distribution of the booklet is planned. I told him I would be happy to send him a copy.

X1 3. [REDACTED] Leighton Lang, House Agriculture Committee staff, called to request a copy of the Agency publication entitled, "A Study of Climatological Research as it Pertains to Intelligence Problems." I told him that we would send him a copy in the afternoon mail which we did.

X1 4. [REDACTED] LIAISON Dick Kimmel, Joint Committee on Atomic Energy staff, called and said that the two documents I had requested be returned were ready to be picked up. I told Kimmel I would get them on Thursday.

X1 5. [REDACTED] LIAISON Accompanied Rick Inderfurth and Mike Madigan of the Senate Select Committee on Intelligence on a three day orientation tour [REDACTED] 25X
